Dear Swati and Kapil,

I wanted to take a moment to express my sincere gratitude for the outstanding experience I had at your offices. From the moment I arrived, I was truly impressed — not only by the beautiful and well-kept workspace, but by the warmth, courtesy, and professionalism shown by every member of the Enrich Wise team.

Swati, thank you for the exceptional care and attention you gave to my case. Your clarity, patience, and dedication made the entire process smooth and effortless. It's rare to find someone who combines professionalism with such a genuine personal touch.

Kapil, you've built something remarkable. The culture of integrity and excellence within your office is clearly reflected in each person I interacted with. The service provided was truly second to none.

Well done to you and your entire team. May God bless you all and continue to prosper the wonderful work you do.

Warm regards,

Dear Kapil, first of all, congratulations on authoring such a wonderful book, "Against All Odds". It is a timely reminder of why we must keep faith in India's economy, our growth story, and our strong fundamentals, all of which you illustrate beautifully through examples beginning with the 1991 liberalization and the start of privatization.

Especially enjoyed the chapters covering 1991–2001 (Chapters 1–9), as those were formative years for

us and played a key role in shaping my thinking about economics and the equity markets. My favourite chapter remains the one on Harshad Mehta, which captures our first real tryst with the challenges that were to come—challenges that, in many ways, we still see echoes of even today.

I wish you all the very best for this book and truly hope it reaches a wide audience and is read by people across India.

Every time I see an Enrichwise umbrella around Thane, whether walking or driving; I feel a sense of pride and reassurance about being associated with Enrichwise. It’s heartening to see the trust so many people place in Kapil Jain and his organisation.

I also truly appreciate the social work and awareness you promote through your platforms. This isn’t flattery, just a genuine expression of appreciation. I still remember our first meeting back in 2015–16 at Vega, when I met you and your father. Enrichwise had set up a session for kids, 12 to 17 years of age yesterday. I had my daughter who is 14 attend it. I was pleasantly surprised to see her become more curious and engaged In managing personal finance. It was an extremely effective session, and my daughter is very excited that she attended.

I think it is extremely important that kids of this age get introduced to this science of personal finance management at an early age, however it is also important that this subject (alien to many adults) be introduced in a way that they understand and retain the essence. I think the Enrichwise team has done a good job at it

I have been associated with Enrichwise since 2015-16 and have found Kapil and his whole team extremely Capable, committed, and responsive to my overall needs of my portfolio management. I have witnessed how the team has proactively engaged me, not only in leveraging the right market opportunities, but also making me aware of the subtle psychological aspects that play out during decision-making. I have witnessed their growth in size and offerings (From a small office to a large office) And feel extremely proud to be associated with them. The only thing that has not changed, is their responsiveness, attention and the commitment in responding to each, and every query sent to them and helping their client take right decisions. . Keep up the good work.

Kapil Ji & Team Enrichwise,
Highly impressed with the warm welcome by the team and office orientation.
Starting from Roger Federar zone, Bodhi Tree, Banyan Tree, Pine tree, etc all the elements of the office gave positive energy and mindset that believe in Wealth Creation.
The most impactful image I felt was on the right side before cafeteria- Luck Vs Goal… The Wheel of Fortune.
Overall we firmly believe that we are guided by high-spirited team of Kapil ji & on the correct roadmap of Wealth creation.
Thank you!!!

We recently had a chance to connect with Enrichwise Financial Services and have had a pleasant experience. Kapil Jain who is the proprietor is an awesome personality. He is a great listener and understands and acknowledges your queries and provides a logical response which makes sense to manage your finances. After meeting him we understood where we stood in terms of planning our

finances and we feel we should have met him earlier. Nevertheless it is never too late and that is what has made us stay connected with this organization. The staff working is dynamic and ready to help and make your experience a better one. I am happy to be associated with this organization and feel now I am able to plan a better future financially.

A very professional group, knowledgeable and helpful personnel.

Their USP: The roadmap to systematic creation of wealth, 100 minus age rule, raftaar, kavach, rule of 72, and related synonyms are apt and the team works religiously on it.
Also, regular check and portfolio rebalancing by following the PRAG strategy has helped to lock in profits, balance risk and had a continuous growth.
Taxation, Stock, insurance teams are a force to reckon with in the organisation.
led by a knowledgeable and dynamic leader (Kapilji), they will surely attain new heights.
Wishing all the best to Team Enrichwise

I should also commend the speed of responsivess of your staff that is a big differentiator in service industry.

Your leadership and passion is exemplary and we are sure your vision and milestones of 300 years legacy that you plan to build will find its way ➡ SOON

Also much thanks for the Enrich wise branded Umbrella as a token of your gesture that also symbolises for us that in heavy storm or rains (volatility or tough times) the umbrella (enrich wise team) is there to protect us 😊

Kudos once again to a great team under your leadership and special thanks to Rinku for her support to streamline our portfolio and the friendly receptionist for the office tour and hospitality..
